Source: U.S. Census Bureau, Current Population Survey, November 2012

¹ This figure added to or subtracted from the estimate provides the 90-percent confidence interval

NOTES:

Federal surveys now give respondents the option of reporting more than one race. Therefore, two basic ways of defining a race group are possible. A group A dash '-' represents zero or rounds to zero.

The symbol (B) means that the base is less than 75,000 and therefore too small to show the derived measure
